"A joyful heart is the inevitable result of a heart burning with love"
Mother Teresa

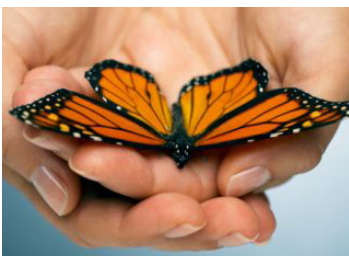

Sara Joy

Intuitive Medium & Reiki Practitioner

As an intuitive medium, I channel information through my guides, angels, and occasionally, loved ones of those who have passed on. My goal is to guide you in finding your inner joy and peace, and help you discover the person you were meant to be.

Reiki is a light touch, non-invasive alternative healing modality that helps relax and increase your overall well-being, balancing and neutralizing your body, mind and spirit through the inner chakras. Treatments can be done in person or remotely.

Are you mourning the loss of a loved one?
Is your relationship meant to be?
Are you concerned for the well-being of yourself or your loved ones?
Are you living your true life purpose?
